Treasurer's Report: The treasurer's report was approved as submitted.

Ice Coordinator's Report: Craig Bentz reported that try-out ice has been scheduled for the fall.

Concessions Report: Teri Houts provided the concessions report. Concessions income continues to be well below prior years performance. Rising costs of labor and goods combined with some diminishment in sales has contributed to the lower performance. Ideas discussed to improve the contribution of concessions included considering donated (volunteer) staffing of concessions during High School games either by assigning shifts to youth teams or by approaching H.S. booster parents, consider price increases, request more counter space on rink #1 during the current remodel, could we bid on the vending contract and more careful distribution of shifts during the year to improve staffing late season. The question was asked whether we could return to H.S. workers for concessions. Bylaw prohibitions will be reviewed.

Level C Report: There has been resistance by Level C parents to put in volunteer time. Level C is part of the Kennedy Assoc. and as such Level C parents are expected to volunteer in the Kennedy Assoc. no different from other youth parents.

Tournament Director Report: We have received a check from Crown Plaza. We are still waiting for checks from several of the vendors.

Advertising: Dave Stark reported that Walser Dodge has acquired advertising. Dave is going to investigate the cost of setting up a website for advertising inquiries.

Other Business: Jerry Kaley is the new President of Kennedy Assoc. and Dan ~~Cohen~~ ^{Collins} is V.P.
